Registration of prepaid mobiles for persons having N or F status!

From November 1 2004 all prepaid mobile phones have to be registered, otherwise the number is being switched off. For the registration you need either a valid travel document or a residence permit. This means that asylum seekers (N) and temporarily accepted refugees (F) CAN NOT register their mobiles themselves.

The Human Right Group augenauß Bern is strongly opposing this social exclusion of more than 60'000 people. Therefore we offer to register the mobiles of persons with status N or F in our names during a public event.

**When: Saturday, Oct. 16, from 11 a.m.
til 3 p.m.**

Where: Kornhausplatz, Bern
